OPERATIONS/INSTITUTIONS

RESEARCH/PLANNING

Average County Jail Backup:

The backup in the county jails averaged 2,572 inmates per day during the month of February – up from an average of 2,261 for the month of January.

Admissions and Releases:

Admissions for February totaled 715 while releases totaled 891 for a net decrease of 176 inmates.

Inmate Population Growth/Projection:

At the end of February, the Arkansas Department of Correction population totaled 18,082 representing a growth of 208 inmates since the first of January 2015, up from an average monthly growth during calendar year 2014 of 104 inmates per month.

Accreditation:

Sandra Kennedy, ACA Coordinator attended the ACA Winter Conference in Long Beach, California, February 6-11 to receive reaccreditation certificates for Central Office/Admin East for achieving 100% on Mandatory and Non-Mandatory Standards on their reaccreditation audit in October 2014. Linda Gibson, Fire and Sanitation Coordinator conducted several independent audits as listed on the attachment.

PREA/STTG

PREA Hotline Data:

The PREA Coordinator was assigned three cases for February. There were no reported issues with the PREA Hotline. The PREA Coordinator gave a presentation on PREA to the Arkansas Coalition Against Sexual Assault for the directors and personnel from domestic violence and sexual assault resource centers from all over the state.

Number of calls received	100
Total calls referred for reported PREA issue	23
Total calls referred for non-PREA issue	2
Calls referred due to technical failure	0
Calls referred to IAD	6

STTG:

The STTG Coordinator conducted two STTG phone conference meetings with coordinators to discuss current STTG issues at the units. The newest revision of the Basic Gang Awareness lesson plan was presented to the recruit level

classes and additional work was completed on the file upload project.

Farm:

The winter season has been extremely cold this year for Arkansas with record low temperatures and large amounts of ice and snow. With the cold climate the small grain crop has not grown as well and feeding animals was increased, leaving the farm with minimal amounts for the remaining of the winter feeding season. The temperatures are anticipated to start warming up and we should meet our needs without having to purchase grain. The Agriculture Division has taken advantage of the commodity market and has contracted sale of one third of the soybean crop for 2015. The grain market prices overall have decreased in selling price on all grain commodities from a year ago. The farm did hit a high in the market and sold 55,000 bushels of soybean remaining from the 2014 crop at \$10.50 per bushel grain bin Cummins Farm. The average price of soybean since harvesting was \$9.00. The poultry layer operation is now in production with one house full of 49,400 layers. These birds should be in full production by the end of March. All the farms are looking forward to winter being over and a new planting beginning.

TRAINING ACADEMY

Basic Training Division:

Basic training class 2015-A graduated the Academy on February 13 with 60 cadets. The Willis H. Sargent Award winner was Gerald Stratford of the Wrightsville Unit. Greg Courington, ADC retired, was the special speaker.

In-Service Division:

The focus for February was the **SAFARILAND Senior Instructor** course. This intense four day class certified ten students to be Senior Instructors. These Senior Instructors are the Train the Trainers for less-lethal munitions. Meaning they will teach other staff to be instructors for the less lethal program that includes chemical agents and the less lethal projectiles. A second installment of **Employee Misconduct for Supervisors** was conducted on February 13. Randy Shores presented this class to new and seasoned supervisors with the idea that misconduct is more than just a sexual relationship with staff. Supervisors need to understand the boundaries between them and subordinates. The **Security for Non-Security** class was set for February 24-25 with over 25 students enrolled; however, eight staff were able to attend due to weather.

eAcademy Division:

In February, ADC employees completed a total of 4,541 hours of eCADEMY training. Approximately, 8.7% of ADC employees completed at least one course during that time frame for an average of .83 hours per staff member.

A total of four CAT leave requests were processed with all denied. Three hundred sixty-nine and one-half hours were donated to the Catastrophic Leave Bank. There were two applications received for shared leave and both were denied.

Employment:

Facebook results for the month were: 36 new likes and 9,218 total likes of our page. Through Discover Corrections, there were 324 people from across the U.S. who viewed ADC's page. This site does not allow you to review comments made unless the viewer applies for a position through their site and is hired. In February, there were no applications submitted for ADC through the Discover Corrections website. The Human Resources Recruiter coordinated Job Fairs in the following locations: February 2, at the Monticello Workforce Center; February 4, at the Hot Springs Workforce Center; February 5, at the Greenville Win Job Center; February 11, at the Dumas Workforce Center; and February 12, at the Batesville

Workforce Center. The recruiter visited with a total of 82 potential applicants during these job fairs. The reporting features that INS (Information Network Systems) has developed for AR State Jobs website (all agencies) have been implemented. We have requested agency specific features, but have not received notification that those changes have been made. We are not tracking CO I positions through AR State Jobs because the Department advertises these positions monthly and there is no way of being able to hire more than one applicant per advertised position. We are still using both ways of reporting. The report through AR State Jobs provides the following information:

- Advertised positions
- Applications received
- Gender
- How many did not meet qualifications and a reason they did not meet - (1-experience; 2-license or certifications; 3-other)
- How many met minimum qualifications
- How many need further review
- How many were not processed
- Positions hired
- Race
- Veteran status

There were a total of 1,859 applications received during February through ARStateJobs.com. A total of 23 Non-Correctional applications were processed in February. Seventy-nine CO I applications were processed with the following results: 65 Correctional Officers were hired and four Correctional Officers were re-hired.

Physical Assessments:

There were a total of 164 applicants and incumbent personnel that were assessed in February. Seventy-three incumbent personnel successfully completed their physical assessments and three incumbent personnel did not. Those three were later released by their physicians, rescheduled, and passed their assessments. Eighty-seven applicants passed their physical assessments and one did not. The one that did not pass was later released by a physician, rescheduled, and passed.

Workplace Safety:

In February, the modified version of the Health and Safety Plan was presented to two Basic Training classes with a total of 66 cadets in attendance. There were 45 incidents reported to company nurse in February, which brings our Workman’s Compensation incidents reported to 98 in 2015.

INFORMATION TECHNOLOGY/eOMIS

In February, the Server Team completed the Diagnostic/Construction file server install and has spent a lot of time creating and modifying file shares for this server and others. Planning has begun to upgrade and combine the two Central Office file servers onto one device.

The Thin Client ROI was submitted for review and approval to purchase 6 test devices. We hope to move forward with the Thin Client system soon as we are seeing more device failures and cannot order replacements for the current set up.

The Network Team has been working to complete the IP address changes to Varner and Cummins as well as continuing to work with Rod Dickerson at DIS on the Cummins Farm wireless project. Progress has been slow and the chicken house component has not been added since the connection. Pig Farm Office is not operational at this time.

The Parole Board network lines to support Video Parole Hearings for commissioners have been reported as completed and final verification has been scheduled by both our team and Parole Board.

The Desktop Support Team has worked to reimaged all 20 WAGE computers at the Wrightsville Satellite Unit with the new Windows 8.1 embedded licensed software in KIOSK mode. This software is also being tested for e-learning computers.

The eOMIS staff worked on multiple projects including; (a) AOC data interface project. Rick Coppola updated ACC staff and ADC on project status. He submitted documents for management to sign and introduced us to the new project manager for AOC – Lee Lowe. (b)ACC staff met with ADC, ACIC, Appriss and Marquis staff to discuss a new proposal for expanding the file interface delivering data to APPRISS for the VINE and JXChange systems. This information is to include disciplinary violations and supervision levels. (c) Marquis provided training to CCS medical staff and eOMIS staff on the new ONC EHR system. This enhancement is in the training region and currently being tested. (d) Fred Roesel with Marquis visited the ORCU unit along with eOMIS staff and provided updates on the GIS software module that is currently in production. (e) eOMIS staff reviewed and provided input for the Bowie County Correctional Facility by detailing requirements needed to update eOMIS and provide access to the system for Bowie County staff. (f) eOMIS staff also provided training for ADC staff and assisted ACIC staff with training on CJIS requirements.
